

Korowal School

International Student Application for Enrolment

1. I/we desire to enrol my/our child as a student of Korowal School (“the School”).
2. I/we understand that this application is made without any assurance that it will be accepted by the School.
3. I/we understand that the School will, under normal circumstances, require every proposed Student to participate in a telephone interview arranged by the School.
4. I/we are aware that enrolment in the School would be conditional upon the School:
 - a. offering the Student a position at the School by letter of offer;
 - b. me/us accepting the offer by signing the Enrolment Contract and other documents required by the School and by paying the first year's fees in total (refer to Procedures for International Students for the exact amount).
5. I/we understand that an application for enrolment is interpreted by the School as an undertaking on the part of the Parent(s) or guardian(s) that the Student will conform to the rules and customs of the School, if enrolled. After admission to the School, enrolment in subsequent years is always subject to satisfactory conduct, progress and effort, as well as acceptance of the class and Grading determined by the principal, and due payment of fees.
6. I/we enclose with this document the following to enable the school to consider the application for enrolment:
 - completed International Student Enrolment Information form;
 - Medical form;
 - additional medical information about the student;
 - Australian Dollars \$200 being the application fee, we understand this fee is non-refundable;
 - the Student's Birth Certificate;
 - the Student's last two years school reports;
 - a referral from the Students current School Principal or School Master.

7. I/we have read and understood the policies on the International Student page of the School website.

Please ensure the documents and cheque listed above are enclosed before you return this form to the School.
